Atlantica Reports Second Quarter 2024 Financial Results

- Revenue for the first half of 2024 reached \$571.2 million, a 3.0% increase year-over-year compared with \$554.6 million in the first half of 2023.
- Adjusted EBITDA was \$407.3 million, remaining stable compared with \$403.8 million in the first half of 2023.
- Net profit for the first half of 2024 attributable to the Company was \$16.0 million, compared with a net profit of \$24.7 million in the first half of 2023.
- Operating Cash Flow increased by 2.3% year-over-year up to \$141.9 million.
- Quarterly dividend of \$0.445 per share approved by the Board of Directors.
- Entered into a transaction agreement with California Buyer Limited, a private limited company controlled by Energy Capital Partners, for the acquisition of 100% of Atlantica's shares.

August 1, 2024 – Atlantica Sustainable Infrastructure plc (NASDAQ: AY) (“Atlantica” or the “Company”) today reported its financial results for the first half of 2024. Revenue for the first half of 2024 was \$571.2 million, representing a 3.0% increase compared with the first half of 2023. Adjusted EBITDA was \$407.3 million, remaining stable compared with \$403.8 million in the first half of 2023. Operating Cash Flow was \$141.9 million, a 2.3% increase compared with \$138.7 million in the first half of 2023. CAFD was \$119.0 million, a 4.5% decrease compared with \$124.6 million in the first half of 2023. CAFD per share¹ was \$1.02, a 4.5% decrease compared to \$1.07 in the same period of the previous year.

¹ CAFD per share is calculated by dividing CAFD for the period by the weighted average number of shares for the period.

Highlights

(in thousands of U.S. dollars)

	For the six-month period ended June 30,	
	2024	2023
Revenue	\$ 571,195	\$ 554,619
Profit for the period attributable to the Company	16,033	24,661
Adjusted EBITDA	407,334	403,828
Net cash provided by operating activities	141,862	138,670
CAFD	119,003	124,574

Key Performance Indicators

	For the six-month period ended June 30,	
	2024	2023
Renewable energy		
MW in operation ²	2,203	2,161
GWh produced ³	2,674	2,803
Efficient natural gas & heat		
MW in operation ⁴	355	398
GWh produced ⁵	1,217	1,230
Availability (%)	100.6%	97.0%
Transmission lines		
Miles in operation	1,229	1,229
Availability (%)	100.0%	100.0%
Water		
M ft ³ in operation ⁴	17.5	17.5
Availability (%)	101.1%	100.5%

² Represents total installed capacity in assets owned or consolidated for the six-month period ended June 30, 2024 and 2023, respectively, regardless of our percentage of ownership in each of the assets except for Vento II for which we have included our 49% interest.

³ Includes 49% of Vento II wind portfolio production. Includes curtailment in wind assets for which we receive compensation.

⁴ Includes 55 MWt corresponding to thermal capacity from Calgary District Heating. Capacity as of the six-month period ended June 2023 included 43 MW corresponding to our 30% share in Monterrey, sold in April 2024.

⁵ GWh produced includes 30% of the production from Monterrey until its sale in April 2024.

Segment Results

Water	17,542	18,002
Total Adjusted EBITDA	\$ 407,334	\$ 403,828

Operational KPIs

Production in the renewable business portfolio decreased by 4.6% for the first half of 2024 compared with the first half of 2023.

Production increased in our U.S. solar assets mainly due to higher availability of the Solana storage system. Production also increased in our wind assets in the U.S. due to higher wind resource in the first half of 2024 compared to the same period of 2023. In South America, production increased due to higher production in our wind assets and to the contribution of solar assets that have recently entered into operation. In Spain, production at our solar assets decreased mainly as a result of significantly lower solar radiation. At Kaxu, production decreased due to the unscheduled outage that started at the end of September 2023. The plant, where we have 51% equity interest, restarted operations in mid-February 2024. Part of the damage and business interruption has been covered by our insurance policy, after a 60-day deductible.

Our efficient natural gas and heat assets, our water assets, and our transmission lines, for which revenue is based on availability, continued at very high levels during the first six months of 2024.

Liquidity and Debt

As of June 30, 2024, cash at Atlantica's corporate level was \$20.0 million, compared with \$33.0 million as of December 31, 2023. Additionally, as of June 30, 2024, the Company had \$266.3 million available under its Revolving Credit Facility (\$378.1 million as of December 31, 2023) and therefore a total corporate liquidity of \$286.3 million, compared with \$411.1 million as of December 31, 2023.

As of June 30, 2024, net project debt⁶ was \$3.83 billion, which remained stable compared with \$3.90 billion as of December 31, 2023, while net corporate debt⁷ was \$1.17 billion as of June 30, 2024, compared with \$1.05 billion as of December 31, 2023. As of June 30, 2024, the net corporate debt / CAFD before corporate debt service ratio⁸ was 3.9x.

⁶ Net project debt is calculated as long-term project debt plus short-term project debt minus cash and cash equivalents at the consolidated project level.

⁷ Net corporate debt is calculated as long-term corporate debt plus short-term corporate debt minus cash and cash equivalents at Atlantica's corporate level.

⁸ Net corporate leverage is calculated as net corporate debt divided by midpoint 2024 CAFD guidance before corporate debt service. CAFD before corporate debt service is calculated as CAFD plus corporate debt interest paid by Atlantica.

Dividend

On July 31, 2024, the Board of Directors of Atlantica approved a dividend of \$0.445 per share. This dividend is expected to be paid on September 16, 2024, to shareholders of record as of August 30, 2024.

Growth Update

Regarding growth, some of the developments that have taken place during the second quarter of 2024 include:

- In May 2024, we entered into a 10-year PPA for Caparacena, a 27.5 MWDC/22 MWAC project in Spain. Total investment is expected to be between \$16 million and \$18 million, with COD expected in early 2026.
- We continue growing our pipeline of assets under development, which includes as of today approximately 2.2⁹ GW of renewable energy and 6.3 GWh of storage. 24% of our pipeline is at an advanced development stage and 22% is expected to reach ready to build ("RTB") in 2024 or 2025.

Proposed Acquisition

On May 27, 2024, Atlantica entered into a definitive agreement pursuant to which California Buyer Limited, a private company incorporated under the laws of England and Wales controlled by Energy Capital Partners ("Bidco"), for the acquisition of 100% of its shares at \$22 per share in cash, subject to the terms of such agreement (the "Proposed Acquisition"), concluding the strategic review. The Proposed Acquisition is to be completed pursuant to a scheme of arrangement under the U.K. Companies Act 2006 and is subject to, among other conditions, approval by Atlantica's shareholders of the scheme of arrangement, sanction of the Proposed Acquisition by the High Court of Justice of England and Wales, and regulatory approvals in different jurisdictions. The transaction is expected to close in the fourth quarter of 2024 or early first quarter of 2025. Upon the completion of the Proposed Acquisition, Atlantica will become a privately held company and its shares will no longer be listed on any public market.

⁹ Only includes projects estimated to be ready to build before or in 2030 of approximately 3.9 GW, 2.2 GW of renewable energy and 1.7 GW of storage (equivalent to 6.3 GWh). Capacity measured by multiplying the size of each project by Atlantica's ownership. Potential expansions of transmission lines not included.

Appendix

Information usually included as appendix to the Earnings Presentation has been included as appendix to this Press Release.

Forward-Looking Statements

This press release contains forward-looking statements. These forward-looking statements include, but are not limited to, all statements other than statements of historical facts contained in this press release, including, without limitation, those regarding our future financial position and results of operations, our strategy, plans, objectives, goals and targets, future developments in the markets in which we operate or are seeking to operate or anticipated regulatory changes in the markets in which we operate or intend to operate. In some cases, you can identify forward-looking statements by terminology such as "anticipate," "believe," "could," "estimate," "expect," "forecast," "intend," "may," "plan," "should" or "will" or the negative of such terms or other similar expressions or terminology.

By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. Forward-looking statements speak only as of the date of this press release and are not guarantees of future performance and are based on numerous assumptions. Our actual results of operations, financial condition and the development of events may differ materially from (and be more negative than) those made in, or suggested by, the forward-looking statements. Except as required by law, we do not undertake any obligation to update any forward-looking statements to reflect events or circumstances after the date hereof or to reflect anticipated or unanticipated events or circumstances.

Investors should read the section entitled "Item 3.D—Risk Factors" and the description of our segments and business sectors in the section entitled "Item 4.B. Information on the Company—Business Overview," each in our Annual Report on Form 20-F for the year ended December 31, 2023, filed with the Securities and Exchange Commission ("SEC"), for a more complete discussion of the risks and factors that could affect us.

Forward-looking statements include, but are not limited to, statements relating to: failure to realize the Proposed Acquisition or its expected benefits; uncertainties related to securing the necessary regulatory approvals, our Company's shareholders' approval, the sanction of the High Court of Justice of England and Wales and satisfaction of other closing conditions to consummate the Proposed Acquisition or the occurrence of any event, change or other circumstance that could give rise to the termination of the transaction agreement entered into with Bidco; risks related to diverting the attention of our management from ongoing business operations; significant transaction costs and/or unknown or inestimable liabilities, including the risk of shareholder litigation related to the Proposed Acquisition; Bidco's ability to fund the Proposed Acquisition; effects relating to the announcement of the Proposed Acquisition or any further announcements or the consummation of the Proposed Acquisition on the market price of our Company's shares; disruption from the Proposed Acquisition, making it more difficult to conduct business as usual or maintain relationships with customers, employees or suppliers; cash available for distribution ("CAFD") estimates, including per currency, geography and sector; debt refinancing; self-amortizing project debt structure and debt reduction; the performance of our long-term contracts; net corporate leverage based on CAFD estimates; the use of non-GAAP measures as a useful predicting tool for investors; proceeds from sale of assets; dividends; sale of electricity under PPAs; expected investments; investments in assets under construction and their respective commercial operation dates; proceeds expected from the sale of our equity interest in Monterrey and various other factors, including those factors discussed under "Item 3.D—Risk Factors" and "Item 5.A—Operating Results" in our Annual Report on Form 20-F for the year ended December 31, 2023 filed with the SEC and the forward looking statements sections under the Reports of Foreign Private Issuer on Form 6-K dated May 28, 2024, and July 16, 2024.

Non-GAAP Financial Measures

This press release also includes certain non-GAAP financial measures, including Adjusted EBITDA, CAFD and CAFD per share. Non-GAAP financial measures are not measurements of our performance or liquidity under IFRS as issued by IASB and should not be considered alternatives to operating profit or profit for the period or net cash provided by operating activities or any other performance measures derived in accordance with IFRS as issued by the IASB or any other generally accepted accounting principles or as alternatives to cash flow from operating, investing or financing activities. Please refer to the appendix of this press release for a reconciliation of the non-GAAP financial measures included in this press release to the most directly comparable financial measures prepared in accordance with IFRS. Also, please refer to the following paragraphs in this section for an explanation of the reasons why management believes the use of non-GAAP financial measures (including CAFD, CAFD per share and Adjusted EBITDA) in this press release provides useful information to investors.

We present non-GAAP financial measures because we believe that they and other similar measures are widely used by certain investors, securities analysts and other interested parties as supplemental measures of performance and liquidity. The non-GAAP financial measures may not be comparable to other similarly titled measures employed by other companies and may have limitations as analytical tools. These measures may not be fit for isolated consideration or as a substitute for analysis of our operating results as reported under IFRS as issued by the IASB. Non-GAAP financial measures and ratios are not measurements of our performance or liquidity under IFRS as issued by the IASB. Thus, they should not be considered as alternatives to operating profit, profit for the period, any other performance measures derived in accordance with IFRS as issued by the IASB, any other generally accepted accounting principles or as alternatives to cash flow from operating, investing or financing activities. Some of the limitations of these non-GAAP measures are:

- they do not reflect our cash expenditures, future requirements for capital expenditures or contractual commitments;
- they do not reflect changes in, or cash requirements for, our working capital needs;
- they may not reflect the significant interest expense, or the cash requirements necessary, to service interest or principal payments, on our debts;
- although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often need to be replaced in the future and Adjusted EBITDA, CAFD and CAFD per share do not reflect any cash requirements that would be required for such replacements;
- some of the exceptional items that we eliminate in calculating Adjusted EBITDA reflect cash payments that were made, or will be made in the future; and
- the fact that other companies in our industry may calculate Adjusted EBITDA, CAFD and CAFD per share differently than we do, which limits their usefulness as comparative measures.

We define Adjusted EBITDA as profit/(loss) for the period attributable to the Company, after previously adding back loss/(profit) attributable to non-controlling interest, income tax, financial expense (net), depreciation, amortization and impairment charges of entities included in the consolidated financial statements and including depreciation and amortization, financial expense and income tax expense of unconsolidated affiliates (pro rata of our equity ownership).

CAFD is calculated as cash distributions received by the Company from its subsidiaries minus cash expenses of the Company, including debt service and general and administrative expenses. CAFD per share is calculated as CAFD divided by the weighted average number of outstanding ordinary shares of the Company during the period (116,159,054 for the six-months ended on June 30, 2024, and 116,146,766 for the six-months ended on June 30, 2023).

Our management believes Adjusted EBITDA, CAFD and CAFD per share are useful to investors and other users of our financial statements in evaluating our operating performance because it provides them with an additional tool to compare business performance across companies and across periods. Adjusted EBITDA is widely used by investors to measure a company's operating performance without regard to items such as interest expense, taxes, depreciation and amortization, which can vary substantially from company to company depending upon accounting methods and book value of assets, capital structure and the method by which assets were acquired.

Our management believes CAFD and CAFD per share are relevant supplemental measurements of the Company's ability to earn and distribute cash returns to investors and are useful to investors in evaluating our operating performance because securities analysts and other interested parties use such calculations as a measure of our ability to make quarterly distributions. In addition, CAFD and CAFD per share are used by our management team for determining future acquisitions and managing our growth. Adjusted EBITDA, CAFD and CAFD per share are widely used by other companies in the same industry.

Our management uses Adjusted EBITDA, CAFD and CAFD per share as measures of operating performance to assist in comparing performance from period to period on a consistent basis moving forward. They also readily view operating trends as a measure for planning and forecasting overall expectations, for evaluating actual results against such expectations, and for communicating with our board of directors, shareholders, creditors, analysts and investors concerning our financial performance.

In our discussion of operating results, we have included foreign exchange impacts in our revenue and Adjusted EBITDA by providing constant currency growth. The constant currency presentation is not a measure recognized under IFRS and excludes the impact of fluctuations in foreign currency exchange rates. We believe providing constant currency information provides valuable supplemental information regarding our results of operations. We calculate constant currency amounts by converting our current period local currency revenue and Adjusted EBITDA using the prior period foreign currency average exchange rates and comparing these adjusted amounts to our prior period reported results. This calculation may differ from similarly titled measures used by others and, accordingly, the constant currency presentation is not meant to substitute for recorded amounts presented in conformity with IFRS as issued by the IASB nor should such amounts be considered in isolation.

Information presented as the pro-rata share of our unconsolidated affiliates reflects our proportionate ownership of each asset in our property portfolio that we do not consolidate and has been calculated by multiplying our unconsolidated affiliates' financial statement line items by our percentage ownership thereto. Note 7 to our consolidated financial statements as of and for the six-month period ended June 30, 2024 includes a description of our unconsolidated affiliates and our pro rata share thereof. We do not control the unconsolidated affiliates. Multiplying our unconsolidated affiliates' financial statement line items by our percentage ownership may not accurately represent the legal and economic implications of holding a non-controlling interest in an unconsolidated affiliate. We include pro-rata share of depreciation and amortization, financial expense and income tax expense of unconsolidated affiliates because we believe it assists investors in estimating the effect of such items in the profit/(loss) of associates carried under the equity method (which is included in the calculation of our Adjusted EBITDA) based on our economic interest in such unconsolidated affiliates. Each unconsolidated affiliate may report a specific line item in its financial statements in a different manner. In addition, other companies in our industry may calculate their proportionate interest in unconsolidated affiliates differently than we do, limiting the usefulness of such information as a comparative measure. Because of these limitations, the information presented as the pro-rata share of our unconsolidated affiliates should not be considered in isolation or as a substitute for our or such unconsolidated affiliates' financial statements as reported under applicable accounting principles.

Appendix

SIZEABLE AND DIVERSIFIED ASSET PORTFOLIO

Portfolio Breakdown Based on Estimated CAFD¹

(1) Based on CAFD estimates for the 2024-2027 period as of August 1, 2024, for the assets as of December 31, 2023, including assets that have reached COD before August 1, 2024. See "Disclaimer – Forward Looking Statements".
 (2) Euro denominated cash flows from assets in Europe, net of euro-denominated corporate interest payments and general and administrative expenses, are hedged through currency options on a rolling basis 100% for the next 12 months and 75% following 12 months.
 (3) Based on weighted outstanding debt as of June 30, 2024.
 (4) Calculated as weighted average years remaining as of June 30, 2024, based on CAFD estimates for the 2024-2027 period, including assets that have reached COD before August 1, 2024. See "Disclaimer – Forward Looking Statements".
 (5) Calculated as a % of Revenue from FY 2023. Revenues non-dependent on natural resources includes transmission lines, efficient natural gas and heat, water assets and approximately 76% revenues received by our Spanish assets.
 (6) Calculated as a % of Revenue from FY 2023.

(1) Represents total installed capacity in assets owned or consolidated at the end of the period, regardless of our percentage of ownership in each of the assets, except for Vento II, for which we have included our 49% interest.

(2) Includes 43 MW corresponding to our 30% share in Monterrey until its sale in April 2024 and 55 MWt corresponding to thermal capacity from Calgary District Heating since May 14, 2021.

(3) Includes curtailment in wind assets for which we receive compensation.

(4) GWh produced includes 30% share of the production from Monterrey until its sale in April 2024.

(5) Availability refers to the time during which the asset was available to our client totally or partially divided by contracted or budgeted availability, as applicable.

- (1) Capacity factor ratio represents actual electrical energy output over a given period of time divided by the maximum possible electrical energy output assuming continuous operation at full nameplate capacity over that period. Historical Capacity Factors are calculated from the date of entry into operation or the acquisition of each asset. Some capacity factors are not indicative of a full period of operations.
- (2) Includes Chile PV 3 since Q3 2022.
- (3) Includes curtailment production in wind assets for which we receive compensation.
- (4) Scheduled major overhaul carried out by Siemens, the original equipment manufacturer, which lasted 28 days longer than expected and a subsequent unscheduled outage.

NET DEBT

Net Corporate Debt to CAFD pre corporate interest at 3.9

US\$ in million		Jun. 30, 2024	Dec. 31, 2023
Corporate	Net Corporate Debt ¹	1,172.1	1,051.7
	Net Corporate Debt/CAF ² pre corporate debt service ²	3.9x	3.8x
Project	Net Project Debt ³	3,828.4	3,904.0

(1) Net corporate debt is calculated as long-term corporate debt plus short-term corporate debt minus cash and cash equivalents at Atlantica's corporate level.

(2) Net corporate leverage is calculated as net corporate debt divided by midpoint 2024 CAFD guidance before corporate debt service. CAFD before corporate debt service is calculated as CAFD plus corporate debt interest paid by Atlantica.

(3) Net project debt is calculated as long-term project debt plus short-term project debt minus cash and cash equivalents at the consolidated project level.

LIQUIDITY

Liquidity Position

US \$ in million ¹	As of Jun. 30 2024	As of Dec. 31 2023
Corporate cash at Atlantica	20.0	33.0
Existing available revolver capacity	266.3	378.1
Total Corporate Liquidity	286.3	411.1
Cash at project companies	335.5	415.3
- Restricted ²	170.2	177.0
- Other	165.3	238.3

(1) Exchange rates as of June 30, 2024 (EUR/USD = 1.0713) and December 31, 2023 (EUR/USD = 1.1039).

(2) Restricted cash is cash which is restricted generally due to requirements of certain project finance agreements.

CORPORATE DEBT DETAILS

Corporate Debt as of June 30, 2024¹

US \$ in million ¹		Maturity	Amounts ²
Credit Facilities	(Revolving Credit Facility) ³	2025	149.6
	(Other facilities) ⁴	2024 – 2028	76.8
Green Exchangeable Notes⁵		2025	111.6
2020 Green Private Placement⁶ (€ denominated)		2026	309.5
Note Issuance Facility 2020⁷ (€ denominated)		2027	148.2
Green Senior Notes⁸		2028	396.4
Total			1,192.1

(1) Exchange rates as of June 30, 2024 (EUR/USD = 1.0713).

(2) Amounts include principal amounts outstanding, unless stated otherwise.

(3) As of June 30, 2024, \$266.3 million was available under the Revolving Credit Facility. The latter has a total limit of \$450 million.

(4) Other facilities include the Commercial Paper Program, accrued interest payable and other facilities.

(5) Senior unsecured notes dated July 17, 2020, exchangeable into ordinary shares of Atlantic or a combination of both, at Atlantica's election.

(6) Senior secured notes dated April 1, 2020, of €290 million.

(7) Senior unsecured note facility dated July 8, 2020, of €140 million.

(8) Green Senior Unsecured Notes dated May 18, 2021, of \$400 million.

CASH FLOW

Operating Cash Flow

US\$ in million	First Half	
	2024	2023
Adjusted EBITDA	407.3	403.8
Share in Adjusted EBITDA of unconsolidated affiliates	(19.4)	(19.6)
Net interest and income tax paid	(144.1)	(138.8)
Changes in working capital	(28.0)	(106.3)
Non-monetary adjustments and other	(73.9)	(0.4)
OPERATING CASH FLOW	141.9	138.7
Acquisitions of subsidiaries and entities under the equity method and investments in assets under development and construction	(159.9)	(28.9)
Investments in operating concessional assets	(5.7)	(19.7)
Distributions from entities under the equity method & other ²	64.9	32.3
INVESTING CASH FLOW	(100.7)	(16.3)
FINANCING CASH FLOW	(131.2)	(235.5)
Net change in consolidated cash ¹	(90.0)	(113.1)

(1) Consolidated cash as of June 30, 2024, decreased by \$92.8 million vs December 31, 2023, including FX translation differences of \$(2.8) million.

(2) Includes \$38.1 million of proceeds from Monterrey Sale.

INTEREST RATE RISK COVERAGE

91%¹ of Consolidated Debt Fixed or Hedged²

Project Debt			Corporate Debt

	Fixed⁴	50.1%		Fixed⁴	74.9%
	Total Fixed or Hedged	91.5%		Total Fixed or Hedged	87.3%

~87% of Corporate Debt
& ~92% of Project Debt
fixed or hedged¹

(1) Calculated as the weighted average of the % of fixed or hedged corporate debt and the % of fixed or hedged project debt based on outstanding balance as of June 30, 2024.

(2) See our Annual Report on Form 20-F for the fiscal year ended December 31, 2023 for additional information on the specific interest rates and hedges.

(3) Percentage fixed or hedged.

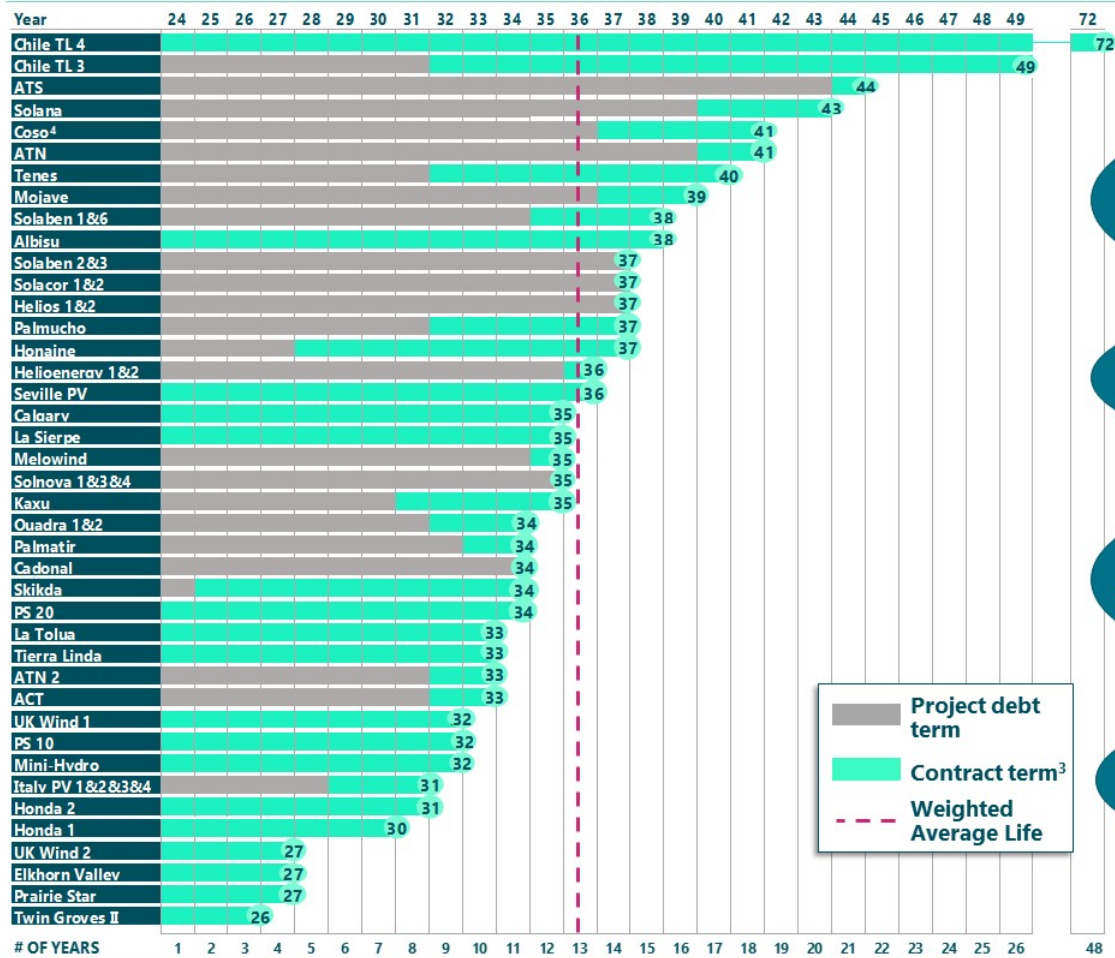

(4) Weighted average based on outstanding balance as of June 30, 2024.

(5) Other facilities include the Commercial Paper Program, accrued interest payable and other d

(6) Hedged at 100% until the end of 2024.

LONG TERM STABLE CASH FLOW

Portfolio of Contracted Assets¹

PPAs with predefined prices for ~12 years on average²

Tails in most assets after debt amortization

Refinancing opportunities could increase CAFD in earlier years

Possibility to extend life in many assets (excluding ATN and ATS)

Project debt term
 Contract term³
 Weighted Average Life

(1) Does not include assets without PPAs or partially contracted.
 (2) Calculated as weighted average years remaining as of June 30, 2024 based on CAFD estimates for the 2024-2027 period, including assets that have reached COD before August 1, 2024. See "Disclaimer - Forward Looking Statements".
 (3) Regulation term in the case of Spain and Chile TL3.
 (4) From the total amount of \$211 million project debt, \$74 million are progressively repaid following a theoretical 2036 maturity, with a legal maturity of 2027. The remaining \$137 million are expected to be refinanced in or before 2027.
